SERIES: MD-XXPL100 | DESCRIPTION: MINI DIN CONNECTOR

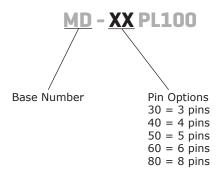

FEATURES

- panel mount
- 10cm lead wires
- 3~8 pins

PART NUMBER KEY

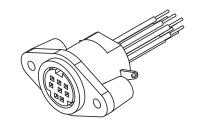

SPECIFICATIONS

OI EOII IOAIIOIIO					
parameter	conditions/description	min	typ	max	units
rated input voltage			100		Vac
rated input voitage			12		Vdc
rated input current	at 100 Vac			1	А
	at 12 Vdc			2	Α
contact resistance				30	mΩ
insulation resistance	at 250 Vdc	50			МΩ
voltage withstand	for 1 minute			250	Vac
insertion force		1		4.5	kg
withdrawl force		0.8		3	kg
operating temperature		-40		85	°C
life			1,000		cycles

CUI offers a one (1) year limited warranty. Complete warranty information is listed on our website.

CUI reserves the right to make changes to the product at any time without notice. Information provided by CUI is believed to be accurate and reliable. However, no responsibility is assumed by CUI for its use, nor for any infringements of patents or other rights of third parties which may result from its use.

CUI products are not authorized or warranted for use as critical components in equipment that requires an extremely high level of reliability. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
