Enabling an Intelligent Planet

Step 1. Install SUSIAccess for Signage Console

- 1 Download SUSIAccess for Signage installer from :
http://www.advantech.com/products/UBC-DS31-SERIES/mod_72959823-6081-413C-8995-C0A2B1961D90.aspx
- 2 You can refer to UBC-DS31 user manual for detail SUSIAccess for Signage console installation.

SUSIAccess for Signage.exe

Step 2. Connect UBC-DS31 with Console

1 Power Connection

Connect the Adaptor to a wall outlet and player (green light turns on). The player should display on screen information on your screen during boot up.

2 Display Connection

Connect the power on your display. Switch your display to the corresponding video input mode. (VGA/HDMI)

3 Network Connection

- (A) Type "Alt+o" to open the config menu, "Alt +p" to save current page and exit the menu, and "Alt +x" to not save any config and exit the menu
- (B) User can set IP Address, Netmask, Gateway and DNS Server on manual type. In DHCP type, system will show IP Address, Netmask, Gateway and DNS Server information if system can get it from DHCP Server.

4 Setting up SUSIAccess for Signage console IP address

User can set SUSIAccess for Signage console IP address in "Remote" Page.

5 Connection

- (A) Connect to SUSIAccess for Signage Console
 - Connect to console when UBC-DS31 starts.
 - Here will show connection states.
- (B) Stop to connect to console.

Step 3. Content Dispatch

- 1 Click " Content producer" to edit your content and Click" Device Conductor" to dispatch your content.
